

Soalheiro Espumante Bruto Alvarinho 2010

The Alvarinho grapes used in the Soalheiro came from several small vineyards planted in granite soil between 100 and 200 meters and located in a very particular microclimate. Melgaço region, the northern point of Portugal, is protected by a range of mountains that create the perfect conditions of rainfall, temperature and number of hours of sunshine needed to the better ripeness of the Alvarinho grapes. The brand name – Soalheiro – arises from the excellent sun exposure of the vineyards bearing the same name – a sunny place.

2010 is a very special vintage. July, August and September have high temperatures and practically no rain. This harvest has alcohol content slightly higher and acidity a little below than average. To maintain the freshness and the balance between flavours, acids and sugars, we have a more concentrated harvest in days, between 10 and 19 of September. 2010 Alvarinho has a greater persistence of taste.

Melgaço, Monção

Vinification

The improvement of a sparkling from Alvarinho requires careful selection of grapes. The resulting must from this selection ferments with controlled temperature, yielding the base wine for sparkling. This wine suffers in the bottle a second fermentation respecting the classical method. The stage in the cellar with low and constant temperature for several months allows this sparkling to show all the elegance of Alvarinho. Finished this phase of fermentation and aging, we proceed to the disgorging, operation that allows the elimination of existing yeast in the bottle and replace the provisional metal stopper for the typical sparkling cork.

Tasting Notes

Apresenta cor amarela citrina, bolha fina e persistente. O aroma revela a fruta da casta Alvarinho, denotando um bom equilíbrio entre a acidez e o álcool. O sabor apresenta persistência e complexidade.

Food Suggestions

Very versatile with a wide range of cuisine. It is ideal as an aperitif or to accompany roast cooking meal.
